

Dear Fujifilm Traveler:

Enclosed is the FUJIFILM Group Companies 2012 Hotel Directory. Travel Services continues to try to focus on our travelers needs and many of the hotel choices are a direct result of information received from you, our employees. There are many changes in the directory from the previous year and some hotels have been replaced due to feedback from you as well as rate changes. All hotels in this directory are authorized hotels.

As a reminder, all travel reservations must be booked through our corporate travel management company Travel and Transport or if you have been provided access through Concur Travel our online booking tool. When traveling to the destinations listed in this directory, employees must stay at our preferred hotels. Should your business travel take you to destinations not listed in this directory, please follow the hotel guidelines as outlined in the corporate travel and entertainment policy.

These negotiated rates are for all FUJIFILM Group Companies business travelers, employees, and all guests. When staying at these preferred hotels, please provide feedback on your stay. We value your feedback and will address any issues that may arise, good or bad. Remember, this directory was created for you, our frequent business traveler.

This directory will be updated periodically throughout the year based on travel needs, so be sure to check for updates.

***Only Travel Services is authorized to negotiate rates on behalf of the company, so please refer all inquiries and rate proposals to Travel Services in Hanover Park.***

Lastly, remember to always feel free to contact any member of the Travel Services team with any questions regarding business travel.

Happy and safe travels in 2012!
